

Nizam College
Telangana

Anti-plagiarism Mechanism

Nizam College is particular about ensuring that there is no plagiarized content included in the articles and papers published by students and faculty. Plagiarism is a serious concern as it devalues the reputation of researchers and also the institution. There is a need for creating awareness among the stakeholders of research work.

The institution has conducted programmes on creating awareness. Osmania University has access to turnitin anti-plagiarism software. Nizam College is a constituent college of Osmania university. Therefore the college also has access to turnitin software.

Researchers submit their papers or articles to the library where the material is checked to find any similarity with the other published research work. Report will be given to the researcher.
