### **Message**

Nizam College is one of the most prominent institutions of higher education in South India. The institution's prominence is owing to multiple factors like its historicity, diversity of Programmes and the Courses offered, the teaching competence of the faculty, its location in the heart of city, its distinct infrastructure including the sprawling grounds and continuous endeavors to progress and perform.

The magnificent evolution of the institution since its establishment in 1887 speaks volumes about its commitment to meet the educational requirements of the aspiring students. The institution has been catering to the diversified needs of its stakeholders in this region. The research orientation and social sensitivity of the teachers in various departments, creates warmth of ever lasting relationships. Apart from the academic and research support, student centric activities, cells and programmes like NCC, NSS, Sports, Student Clubs etc. gives abundant opportunities for the students pursuing various programmes to develop multifaceted personality. The impressive list of the Institution's Alumni is witness to this fact.

It is said that 'Nothing is permanent except change' and the institutions which initiate and implement reforms symbolize permanency. Nizam College has brought in several reforms including implementation of CBCS (Choice Based Credit System), Project works, Internships etc. to benefit students.

The cosmopolitan culture of the institution is further contributed by the presence of Foreign Students from various Asian and African countries. I will thus not hesitate to say that the heart of the college is truly GLOCAL- a unique combination of Global and Local.

I am extremely confident that with the innovative teaching learning practices, constant upgradation of curriculum, research, extension and student support activities, diversified learning resources, efficient governance and inculcating human values among students, Nizam College will continue to march ahead and scale greater heights.

I wish all the faculty, staff and the students all the very best.
